The following circular is promulgated by the Flight Information Services for Somalia (FISS) for information, guidance and necessary action.

Valentina Kayombo
Project Coordinator

AIR TRAFFIC CONTROL (ATC) PERSONNEL TRAINING

Introduction

This circular (AIC) is issued in compliance with ICAO Annex 15 requirement to originate an aeronautical information circular (AIC) notifying training of aviation personnel.

Extensive Air Traffic Control Officer On- Job- training

An extensive Air Traffic Control Officer On-Job Training programme is planned commencing **February 2018** in Mogadishu FIR. The on job training will be conducted at various ATS units including, Mogadishu Flight information Centre (FIC), Area Control Centre (once activated) and at major airports in Somalia where Air Traffic control services are provided.

The objective of the OJT is to enable ATC officers having completed basic courses reach a satisfactory standard in the practical aspects of their duties (Field validation) and this must, of necessity involve handling live traffic. The ATC personnel undergoing training will always be under the supervision of a qualified officer who will never allow an unsafe clearance or instruction to be issued.

Specific services affected by the OJT including timelines will be notified by NOTAM
