

International Civil Aviation Organization

SECFAL Plan Development Group

First Meeting (SECFAL PDG/1)

(Cairo, Egypt, 31 January – 02 February 2017)

Agenda Item 4: ACAC/MID SECFAL Targets

PROPOSED TARGETS FOR MID SECFAL GROUP

(Presented by Sudan)

SUMMARY

In order to establish the future work programme for the MID SECFAL Group in line with MID SECFAL Plan, some proposed basic targets concerning security and facilitation issues are listed below and some proposed activities leading to the achievement of these targets are prepared.

The table below presents the proposed targets, activities and the timeframe for the implementation of these activities.

The proposed activities contained in the table below have been selected in accordance with ICAO SARPs and Riyadh Declaration requirements in the field of aviation security and facilitation.

Action by the meeting is at paragraph 3.

Strategic Objective	Aviation Security and Facilitation 2014 - 2016
Financial Implications	Applicable

- Chicago Convention
- Riyadh Declaration
- Security Council Resolution 2016/2309

1. INTRODUCTION

1.1 To enhance global aviation security, ICAO encourages States to implement security measures based on coordination among States and other stakeholders. Today ICAO security related work focuses on security policy, audit of States capabilities to oversee their aviation security activities in order

to provide assistance to States that are unable to address serious security deficiencies. ICAO also is concerned with the facilitation of international air transport which involves the efficient clearance of passengers, crew members, baggage, Cargo and mail across international boundaries without unnecessary delays as stated in article 22 Of the Chicago Convention.
