**Subject: ICAO EUR/MID Aviation Data and Analysis Seminar
(Paris, France, 4 - 6 April 2018)**

Action required: Reply not later than 15 March 2018

Sir,

I have the honour to invite your Administration/Organization to attend the ICAO EUR/MID Aviation Data and Analysis Seminar hosted by the European and North Atlantic (EUR/NAT) Office in Paris, from 4 to 6 April 2018.

The Provisional Programme for the Seminar is at **Attachment A**. The Bulletin describing administrative arrangements for the Seminar and other useful information for participants, including the Hotel List in Paris is at **Attachment B**.

The objective of the Seminar is to bring together all stakeholders, (Regulators, Air Navigation Service Providers (ANSPs), Aerodrome Operators, Aircraft Operators, International Organizations and Industry) to review the current situation and trends of aviation in the EUR/NAT and MID Regions, including the synergies between aviation, tourism and trade; and the understanding of the challenges and needs of the different stakeholders, considering the cost effectiveness. The use of civil aviation data analysis for planning and decision making in ICAO, national administrations, airlines, airports and ANSPs will be also addressed.

The Seminar will also include presentations on the latest applications in data and analytics that are used for efficient decision making by different aviation stakeholders, as well as a number of discussion panels addressing interesting subjects such as: information systems to improve airline efficiency, economics of airports and ANSPs.

Taking into consideration the scope of the subjects to be addressed by the Seminar, it is strongly recommended that your delegation includes Experts from both the regulator and service providers' side, involved in the economic planning and analyses, and policy making, including airport and air navigation services economics and management, forecasting, statistics, fleet planning and airline efficiency, etc.

../.

I would appreciate if you could, as soon as possible, preferably not later than **15 March 2018**, confirm the participation of your Administration/Organization, giving the names and contact details of your delegate(s) by submitting the Nomination Form at **Attachment C** to the following email address (icaomid@icao.int) with copy to (icaoeurnat@paris.icao.int).

Accept, Sir, the assurances of my highest consideration.

➤ INTRODUCTION

This list has been prepared for your guidance in making your hotel reservations. While we have tried to compile as much information as possible, it should be noted that ICAO cannot guarantee the prices or the quality of the services offered. Please be advised that we cannot make hotel reservations for you.

➤ CONFIRMATION / CANCELLATION OF HOTEL RESERVATIONS

Due to the high occupancy rates of hotels in Paris throughout the year, reservations should be made early (and always prior to your departure). **Reservations** must be confirmed **in writing** as soon as possible, including credit card details. **Cancellations** made by telephone must be confirmed **in writing at least 72 hours** in advance (otherwise you will have to pay the "unused" reservation). **Late arrivals** should be notified to secure your room.

➤ PREFERENTIAL RATES FOR DELEGATES

Some hotels offer special rates to delegates attending meetings at ICAO. When booking accommodation at these hotels, **please quote the special ICAO/OACI rate**. Please note, however, that **special rates do not apply during exhibition periods**.

➤ DIAGRAM SHOWING DISTRICTS (ARRONDISSEMENTS) OF PARIS

Paris is divided by Seine river into two major areas: the Right Bank (Rive Droite), the main financial district. The Left Bank (Rive Gauche) is traditionally the home of artists and galleries. Paris is also divided into 20 districts ("arrondissements", having their own class and character) starting with 1 in the centre of the city and spiralling outward, clockwise. The postal address begins with 750. The last two digits give you the arrondissement (75008 is the 8th). On streets perpendicular to Seine, the numbers begin at the river. On streets parallel to the Seine the numbers increase from East to West.
