Cybersecurity Table Top Exercise

AMMAN, JORDAN | 24-27 OCTOBER 2022

Outcome of the CNS SG/11 related to ANS Cybersecurity

- The CNS SG/11 (May 2022, Oman) meeting noted that gap analysis conducted by Egypt between the ICAO cyber security strategy and ICAO cyber security action plan, the current implementation level in the MID Region, and proposal to develop guidelines for the implementation of ANS Cyber Security.
- The CNS SG/11 meeting agreed to task the Air Navigation Cyber Security Working Group (ACS WG) to conduct in depth GAP analysis and propose action to the CNS SG/12 meeting.

- The CNS SG/11 meeting encouraged States to participate in the planned ANS cybersecurity tabletop exercise in October 2022 in Amman, Jordan.
- The meeting discussed the need to share experience on cyber threats and incidents, in this regard, the meeting recalled that UAE developed and hosted ATM data cyber security portal. The meeting tasked the ACS WG to review the portal and propose solution to enhance its use in the MID Region.

- The meeting was informed about ACAO cyber security Working Group, the meeting agreed to coordinate actions in order to avoid efforts duplication.
