## ICAO MRTD Seminar

Maputo, 25th November 2010

PORTUGAL • UNITED KINGDOM • GERMANY • LATIN AMERICA • SOUTH AFRICA • MIDDLE EAST

# Vision-Box facts and numbers

- **Worldwide leader** in automatic border control
- **First** ICAO eGate using ePassport and face matching
- Present in **150** countries with more than **300 eGates** deployed in 30 airports (UK, Finland, Portugal, Netherland, Brasil, Venezuela,....)
- More than **4 000 000** passengers cleared and detected approx. **400 000** irregularities with passengers & documents
- More than **3000** Biometric Enrolment Kiosks, Desktops, Portable and Mobile worldwide deployed

# Vision-Box experience:

- Please follow ALL ICAO recommendations
- Biometric data quality (Face and Finger) will determine how well you can implement eGovernment solutions and services for your population, and reduce costs!
- ICAO compliant Live Enrolment is absolute must, because it is the only way to assure homogeneous capture quality: Adaptive Lighting, Pose Control, Height Adjusted Camera
- Oblige your suppliers to sign on quality specifications: ICAO compliance, False Acceptance Rates, False Rejection Rates)

# ICAO compliant Automated Passenger Clearance

1- ABC System use in the UK

2,3- Modular Architecture

4- Mobile Gates, currently state of the art

# Modular ABC Systems

*Providing speed & security*

*Small footprint and modular configuration which adapts easily to all architectural constraints and business cases imposed by the Airports and the border guards.*

*Designed to provide passengers with a fast-track for border crossing, simultaneously delivering an extremely positive user experience.*

Identify your world

# ICAO compliant Enrolment Stations

1

2

3

- 1- All-in-one enrolment Kiosk
- 2- Portable version
- 3- Desktop version

All versions control: Pose and lighting and provide ICAO compliant output

# Why invest in Live Enrolment and Automated Border Clearance:

- Over 90% of cleared passengers are low risk. Get them through the border quickly and without hassle. Be a welcoming country and check them automatically
- Focus existing resources and specialist on the remaining 10%
- Reduce Costs
- Obtain securer and faster border control
