

COUNTDOWN TO
CORSIA

IS YOUR AIRLINE READY?

Preparing operators for CORSIA

Michael Gill

Director, Aviation Environment, IATA

28 SEPTEMBER 2015
29 OCTOBER 2016
30 NOVEMBER 2017
31 DECEMBER 2018

COUNTDOWN TO
CORSIA

01

JANUARY

2019

02 FEBRUARY 2020
03 MARCH 2021
04 APRIL 2022
05 MAY 2023

AWARENESS

Campaign to alert aircraft operators of their inclusion in **CORSIA**:
IATA AGMs, IBAC, regional airline associations, trade media activity, manufacturer contacts

ADVICE

Workshops, toolkits, webinars, emails, internet sites

ACTIVATION

Email database of CORSIA focal points at airlines and business operators.

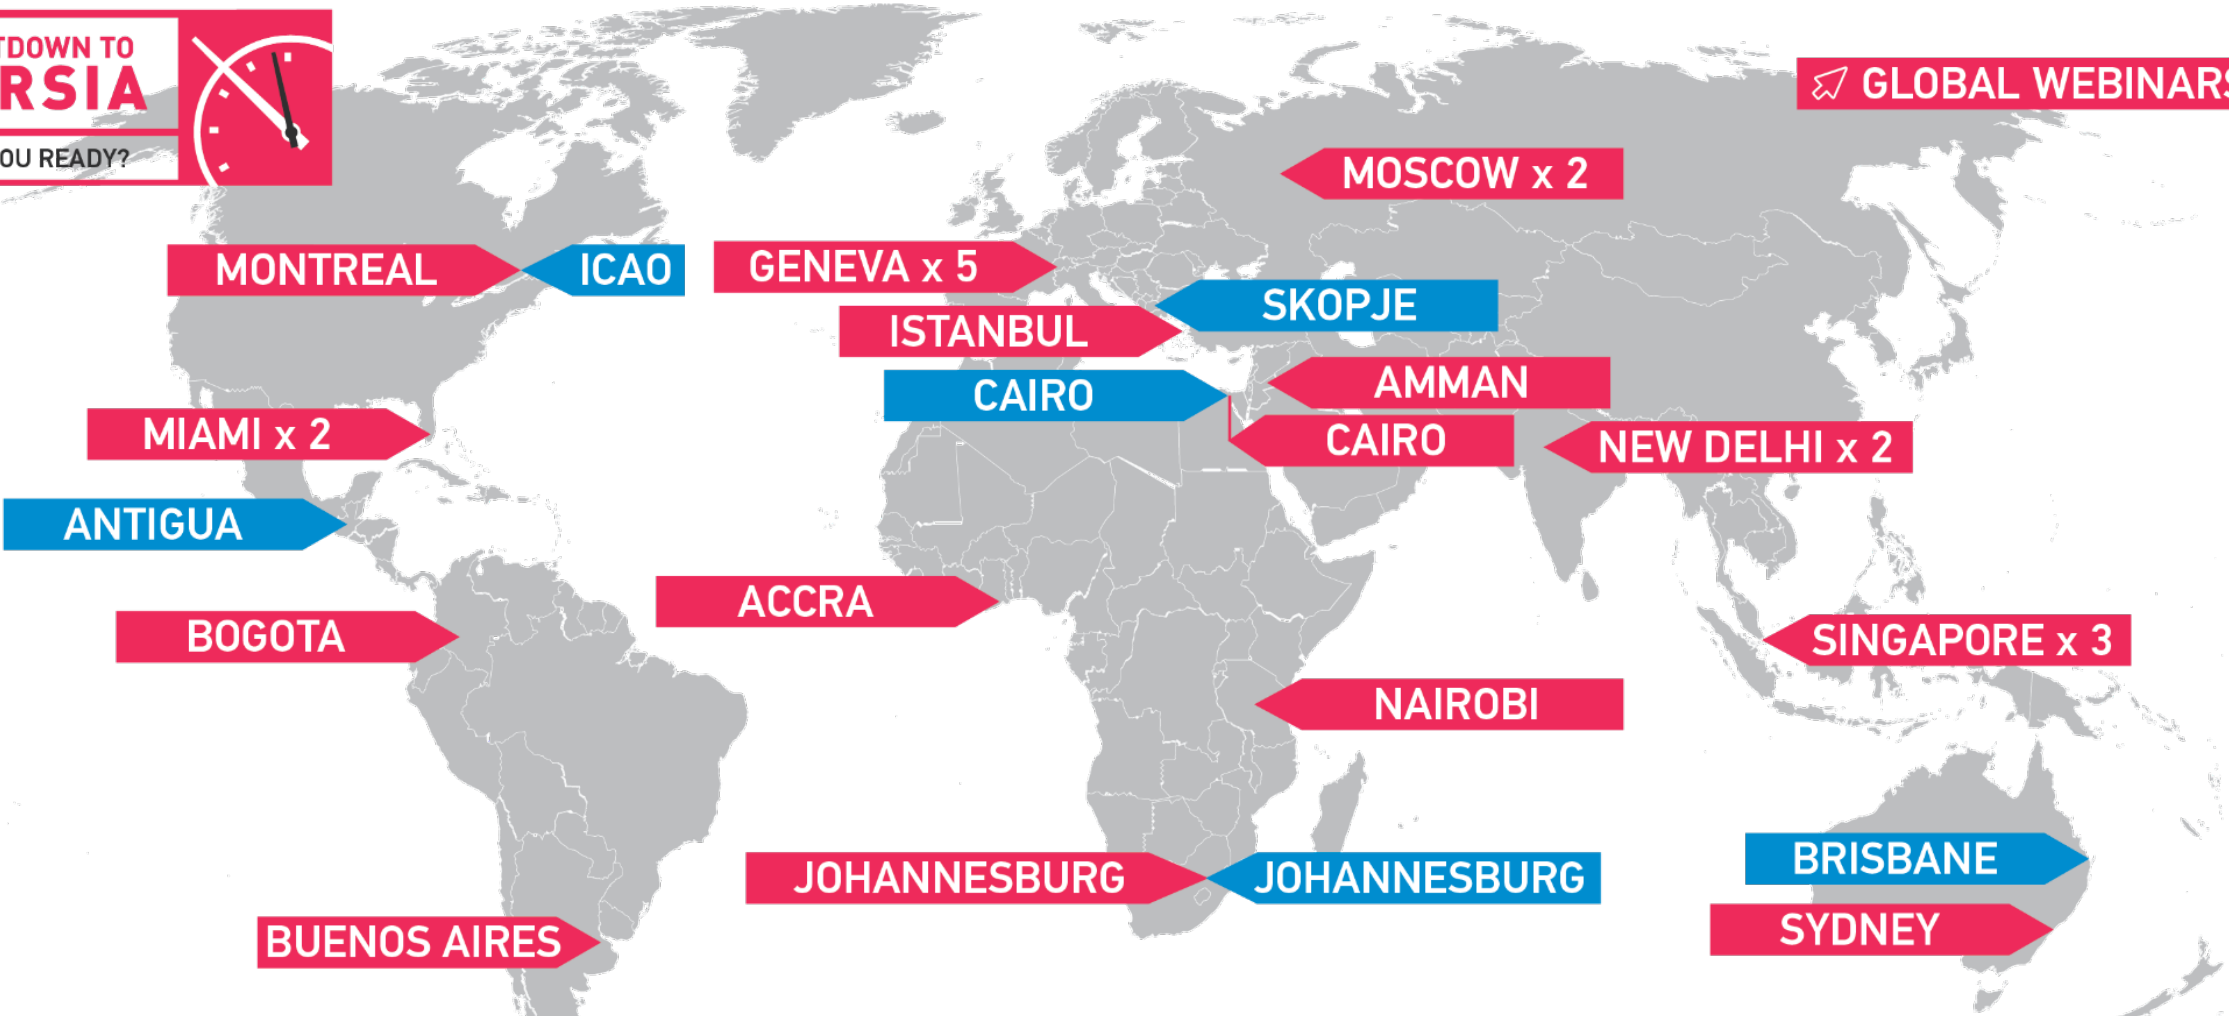

Tool for MRV reporting:

FRED+
Fuel Reporting & Emissions Database

**COUNTDOWN TO
CORZIA**

ARE YOU READY?

✈️ GLOBAL WEBINARS x2

CORSIA CAPACITY BUILDING 2018

- ▶ INDUSTRY WORKSHOPS BY IATA, ATAG, IBAC & REGIONAL AIRLINE ASSOCIATIONS
- ▶ ICAO REGIONAL WORKSHOPS FOR STATES

Countdown to CORSIA

December 2017 – June 2018

14 workshops

Aim: to raise awareness
and inform about
proposed requirements

EMP readiness

June – September 2018

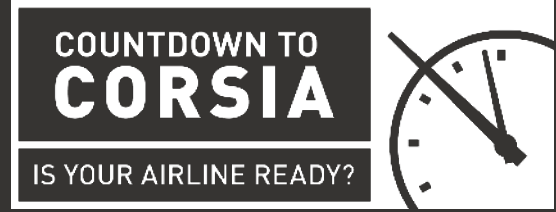

9 workshops

Aim: to help operators
prepare their EMPs

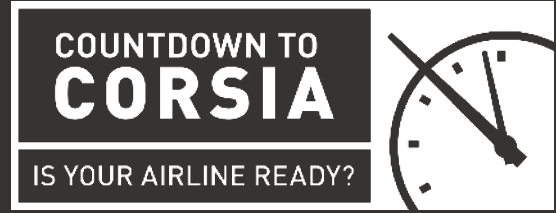

Key lessons:

- Operators need the tools to help them comply: templates, CERT and CO₂ estimation models, ETM

Key lessons:

- Operators need the tools to help them comply: templates, CERT and CO₂ estimation models, ETM, etc.
- Concerns about the readiness of States and the lack of uniformity in the application of Annex 16, vol. IV

Key lessons:

- Operators need the tools to help them comply: templates, CERT and CO₂ estimation models, ETM, etc.
- Concerns about the readiness of States and the lack of uniformity in the application of Annex 16, vol. IV
- Certainty regarding emissions units is critical

Key lessons:

- Operators need the tools to help them comply: templates, CERT and CO₂ estimation models, ETM, etc.
- Concerns about the readiness of States and the lack of uniformity in the application of Annex 16, vol. IV
- Certainty regarding emissions units is critical
- Industry needs the support of governments
