

ICAO WORKSHOP

AVIATION AND ALTERNATIVE FUELS

Challenges to Development and Deployment

Moderator: Ebad Jahangir, Ph.D.

International Civil Aviation Organization

Montréal, Canada

February 11, 2009

Looking for Inspiration!

Earth, air, fire and water
Are obedient creatures,
They are dead to you and me,
But alive at God's presence.

Rumi (Jalaluddin Mohammad)

- Mystics have taught us about the unity of life and the elements: each one is “renewable” from the other
- The questions for Alternative Fuels are
 - how do we bring “energy” to the elements, and
 - how do we shorten the “renewable” cycle time

Questions for the Panel

- What has been done?
- What remains to be done?
- How do we measure progress?

Speakers

- Doris Schröcker – European Commission
- Lourdes Maurice – US FAA
- Alexandre Filogonio – Embraer
- Phillipe Fonta – Airbus
