

Frank BRENNER
Director General, EUROCONTROL

Frank Brenner is Director General of EUROCONTROL, the intergovernmental organisation for Safety in Air Navigation with 41 Member States and 2 Comprehensive Agreement States located in Brussels, Belgium since 1 January 2013.

Since taking up his functions at EUROCONTROL, he has initiated the development of a Vision and Strategy, including the development of Centralised Services using the technology of digitalisation in Air Navigation.

EUROCONTROL operates a Central Flow Management and Network Manager for the daily 31.000 flights in Europe. Sensitive crisis information on conflict zones warning aviation are provided by EUROCONTROL.

Before joining EUROCONTROL, Frank Brenner held a number of posts at DFS, Deutsche Flugsicherung in Langen, Germany.
