SECOND HIGH-LEVEL SAFETY CONFERENCE 2015 — SIDE EVENTS

1. The International Civil Aviation Organization (ICAO) has organized a number of side events outside of the formal programme of the second High-level Safety Conference (HLSC2015), which will be held in Montréal, Canada from 2 to 5 February 2015. Through participation in these events, representatives from ICAO Member States and aviation safety partners will benefit from an excellent opportunity to discuss themes related to the HLSC2015 agenda and other critical aviation safety issues. The schedule and objectives of the side events are shown below.

Information Session – Safety Management Activities and Initiatives

Date and time: Monday, 2 February 2015, from 0900 to 1030 hours

Objectives: Setting the context for the HLSC2015 deliberations and discussions, this information session will provide attendees with an overview of top issues in safety management from a variety of perspectives. Presenters from ICAO Member States and aviation safety partners will share their insight into State safety initiatives, effective safety information sharing and safety information protection.

USOAP CMA Online Framework Demonstration

Date and time: Monday, 2 February 2015, from 1030 to 1100 hours

Objectives: This demonstration will illustrate the various Universal Safety Oversight Audit Programme (USOAP) Continuous Monitoring Approach (CMA)-related modules of the online framework (OLF), including Corrective Action Plan management, Protocol Question Self-Assessment and the State Dashboard. The characteristics of the OLF will be explained in terms of how it serves as a tool to perform safety oversight of States' aviation activities and for ICAO to monitor States' progress.

Information Session – USOAP CMA Update

Date and time: Monday, 2 February 2015, from 1100 to 1230 hours

Objectives: This information session will provide an update on the USOAP CMA and give States an opportunity to ask questions and share experiences and lessons learned related to this monitoring programme.

SSP Gap Analysis Tool Workshop

Date and time: Tuesday, 3 February 2015, from 1030 to 1100 hours

Objectives: This demonstration will provide an overview of how to complete a State Safety Programme (SSP) gap analysis using the tool developed by ICAO.

EFOD Demonstration

Date and time: Wednesday, 4 February 2015, from 1030 to 1100 hours

Objectives: This demonstration will describe the process for States' notification of differences to Standards and Recommended Practices (SARPs) using the Electronic Filing of Differences (EFOD) tool and the reporting modules available to track and manage these activities, as well as how to access reports of other States' differences through eSupplements.

SMTP Demonstration

Date and time: Wednesday, 4 February 2015, from 1530 to 1600 hours

Objectives: This demonstration will present the features and functionalities of the new ICAO Safety Management Training Programme (SMTP), which has been designed with a blended approach of computer-based training (CBT) and a face-to-face activity.

2. These side events are open to all participants registered for HLSC2015. To learn more or to register for any of the events, please visit www.icao.int/Meetings/HLSC2015/Pages/Side-Events.aspx.
