CIVIL AIR NAVIGATION SERVICES ORGANISATION

About This Conference:

The International Civil Aviation Organization and McGill University's Institute of Air & Space Law are convening a Worldwide Conference on "Aviation Safety, Security and the Environment: The Way Forward" immediately preceding the 36th Session of ICAO's General Assembly in Montreal. This Conference brings together governmental, industry, scientific/engineering, legal, financial, and academic experts from around the world to address the critical challenges facing civil aviation today.

Who Should Attend?

The Conference is a "must attend" for professionals from civil aviation authorities and transport ministries [including members of state delegations to the ICAO Assembly], airlines, airports, air navigation service providers, aviation security providers as well as personnel of organizations directly involved in supporting the aviation business such as manufacturers, law and consulting firms, and international and regional organizations.

9:00 – 10:30

ROUNDTABLE DISCUSSION:

*WHAT HAS AVIATION ACCOMPLISHED;
WHAT SHOULD IT ACCOMPLISH?*

- How does aviation serve the world, its economy, and its social intercourse?
- What is the projected growth of air traffic, and where is congestion impacting efficiency?
- How do we maintain and improve safety and security while facilitating movement?
- How do we reduce congestion, cost, fuel burn and delay?
- How does efficiency contribute to enhancing safety and minimizing the effect of aviation on the environment?

Chair: Paul Stephen Dempsey – McGill University Institute of Air & Space Law

Speakers: Victor Aguado – Eurocontrol
Daniel Calleja – European Commission
Nancy Graham – ICAO
Alexander ter Kuile – Civil Air Navigation Services Organisation
Anne McGinley – Airports Council International

10:30 – 11:00 REFRESHMENT BREAK
(sponsored by Aéroport de Montréal and ASI)

11:00 – 12:00

EMERGING ISSUES FOR AIRPORTS

- How can airports enhance the margin of safety and security without impairing airline efficiency?
- What new airport and air navigation infrastructure is needed to meet growing demand for air travel?
- How do airports measure and address the impact of aircraft noise and other environmental problems?
- What are the current requirements regarding airport safety?
- What has been the impact of airport privatization on infrastructure and charges?

Chair: Laurence E. Gesell – *Arizona State University*

Speakers: James Cherry – *Aéroports de Montréal*
 Ben DeCosta – *Atlanta Hartsfield-Jackson International Airport*
 Stephen Nelson – *British Airports Authority*
 Siew Huay Tan – *Civil Aviation Authority of Singapore*

REFRESHMENT BREAK

(sponsored by Air Canada and Embraer)

15:45 – 17:15

AVIATION SECURITY:

ARE WE DOING THINGS RIGHT, AND ARE WE DOING THE RIGHT THINGS?

- How can we reconcile security and facilitation?
- What is the impact of Machine Readable Travel Documents (MRTDs) on aviation security?
- What is the impact of security on passenger convenience and civil liberty?
- How have the existing international conventions and bilateral agreements addressed acts of unlawful interference, and are they equipped to handle the problem?
- What have been the results of the ICAO security audit programme, and has it improved?
- What are the insurance and liability consequences of aviation terrorism?
- How do developing States finance and build the necessary infrastructure and institutional capacity?

Chair:

Vijay Poonoosamy – *Etihad Airways*

Speakers:

Dominique Antonini – *ICAO*

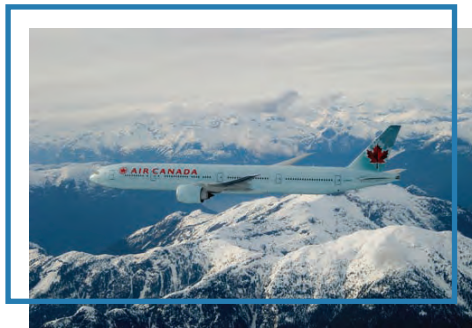

Tony Beard – *Australian Office of Transport Security*

James P. Kreindler – *Kreindler & Kreindler*

Hosted by the Civil Air Navigation Services Organisation (CANSO)

SUNDAY, SEPTEMBER 16

The Hilton Montreal Bonaventure Hotel, 900 de la Gauchetière W., Montreal

9:00 – 9:45

BLACKLISTING OF AIRLINES AND AIRPORTS BASED ON SAFETY AND SECURITY CONCERNS

- How are safety audits of States by ICAO and of airlines by IATA proceeding in assuring compliance with internationally recognized standards?
- What are the air carrier and aircraft airworthiness requirements?
- How has the US and EU blacklisting efforts impacted commercial aviation?
- Under what circumstances is blacklisting legal, or illegal?
- Do flags of convenience pose a problem for aviation safety and security?

Chair: Mohamed Elamiri – ICAO

Speakers: Mohamed Aziz – Arab Air Carriers Organisation
Kenneth P. Quinn – Pillsbury Winthrop Shaw Pittman
Mia Wouters – Lafili, Van Crombrugge & Partners

9:45 – 10:45

ENVIRONMENTAL ISSUES: NOISE

- What is the impact of aircraft noise on the environment?
- What environmental restrictions are or should be imposed on airport development and aircraft operations, as well as engine design?
- How do governments regulate these environmental issues (e.g., emissions trading and curfews), and what impact do they have on airport planning, development and operations?
- How can airlines and airports become "green", and at what cost?
- What engine technologies arrest noise and reduce emissions?

Chair: David Berg – Air Transport Association of America

Speakers: Dan Cohen-Nir – Airbus
Stanley King – SL King & Associates
Trung Ngo – Bombardier
Andris Vasarins – Air Transport Association of Canada

11:15 – 12:15

ENVIRONMENTAL ISSUES: EMISSIONS

- What is aviation’s contribution to greenhouse gas emissions and global warming?
- What is the impact of air contrails on climate change?
- Do aircraft emissions at high altitudes threaten the ozone layer?
- Climate change is occurring: how will aviation contribute to the solution?
- Is there a cleaner fuel than kerosene?
- How have governments responded to the problems posed by aircraft emissions?
- Is emissions trading or emissions taxation the answer?
- How have ICAO and the WMO attempted to address environmental problems?

Chair: Kevin Brown – *Boeing Phantom Works*

Speakers: Aileen Barton – *General Electric Company*

Billy M. Glover – *Boeing*

Jane Hupe – *ICAO*

Herbert Puempel – *World Meteorological Organization*

14:00 –15:00

WILL EMISSIONS TRADING AND TAXING PROGRAMMES ACHIEVE SUSTAINABILITY?

PUBLIC POLICY ISSUES AND OPINION

- What is sustainable transportation?
- Are there creative ways to arrest environmental pollution?
- Should environmental levies for emissions be imposed?
- Should trading of pollution rights be allowed under Kyoto?
- Can environmental regulation be imposed without crippling air transportation?
- What is the role of aviation in the achievement of the UN Millennium Goals?

Chair: John Begin – ICAO

Speakers: Sam Barone – Air Transport Association of Canada
Brian Havel – DePaul University
Richard Janda – McGill University Institute of Air & Space Law
