

ICAO REGIONAL SAFETY MANAGEMENT SYMPOSIUM
THE JOURNEY TO ACHIEVING EFFECTIVE SAFETY MANAGEMENT
North American, Central American and Caribbean & South American Regions

13-16 March 2018, Lima, PERU

David ROMERO
Safety Management Manager, INAC

Mr. David Romero is a professional graduated from the Simon Bolivar University in the specialty of aeronautical maintenance (1994). He has twenty-three years of experience in the aeronautical sector, in his early years working in the field of maintenance management and quality systems in the industry. Subsequently, Mr. Romero worked in the Civil Aviation Authority as an Aeronautical Inspector in certification activities and surveillance, with regulatory teams, for the development of documents and technical standards, as a technical adviser to management and instructional activities. He has held the positions of Chief of Airworthiness, Operations Certification Manager and Safety Management Manager.

Likewise, Mr. Romero has served as the point of contact or Venezuela State coordinator for regional projects with ICAO, USOAP and programs related to safety oversight carried out with other States. Since 2009, it was designed to regulate, study the practical application of Safety and Quality Management Systems and provide guidance to State and industry organizations. In more recent years, he participated in the design and progressive implementation of the Venezuelan SSP and dictated talks and seminars associated with safety for orientation to your State and industry.
