

**João SOUZA DIAS GARCIA**

**Manager, Operations Regulations and Support, ANAC**

Mr. João Souza Dias Garcia is the Manager at the Operations Regulation and Support Section at ANAC's Department of Flight Standards. The Department is currently responsible for the oversight of approximately 13 scheduled transport operators, 300 on demand operators, 250 flight training organizations and 20,000 technical personnel, among other Brazilian and foreign entities and professionals. The Department's Operations Regulation and Support Section is responsible for all rulemaking activities within the Department, including the conduct of regulatory impact assessment and the development of more inclusive and transparent public participation processes, as well as other internal support activities.

Mr. Souza Dias Garcia currently serves as the Brazilian member at ICAO's Safety Management Panel, as well as the Panel's vice-chair. He has also served as the coordinator of the ANAC-Air Force joint task force for the review of the Brazilian Aviation Safety Program as well as the project manager for SSP implementation at ANAC.
