

« E- VISA » SOLUTION

A faster and more secured approach

ANTIGUA AND BARBUDA – ICAO Regional Seminar

What is a visa?

« Endorsement made on a passport by the proper authorities denoting that it has been examined and that the bearer may proceed »

- Traditional Visa: sticker or stamp
- Machine readable visa delivered in consular offices: authorization for an individual to go to the country and to apply for an admission application at the entry
- E-visa: substitute of the traditional visa (without a paper carrier)

2011

2016
41 States ; ▲ 583%

- e Visa : 24
- AVE (ETA) : 5
- Online application : 11

Source: ICAO

Why an e-visa ?

A WIN-WIN SOLUTION

- For passengers: less queue, no need to go physically to the consular office
- For authorities: less queue, less consular expenses
- For tourism agencies (cruise, tour operator...): ease of application
 - 2015: 3,5 billion passengers → 2030: 6 billion passengers (air traffic only)

Balance between facilitation and security

FACILITATION

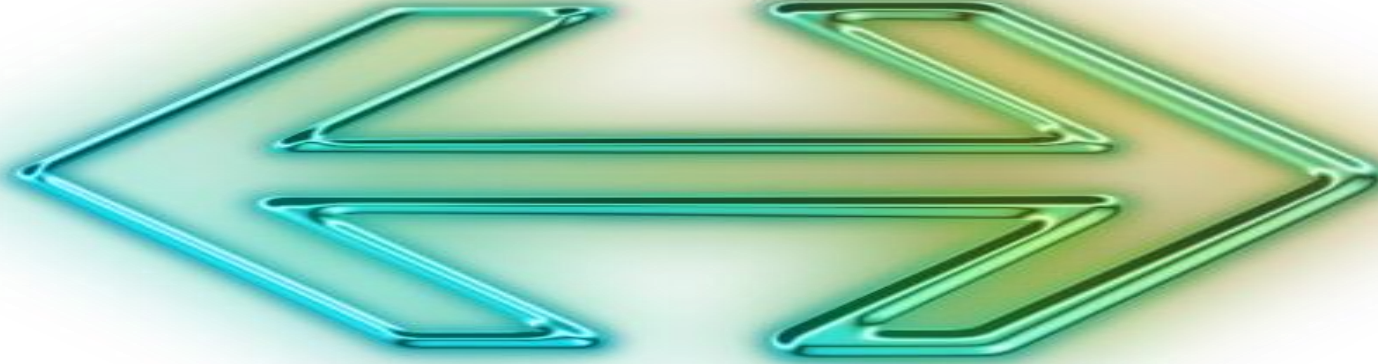

- Facilitate applications
- Improve visitors experience
- Boost touristic promotion

Balance between facilitation and security

SECURITY

- Secure territory
- Secure passengers
- Better knowledge about the passengers

E-visa

SECURED LINK WITH THE PASSPORT

- The E-VISA is dematerialized
- Entry proof applied only at the arrival for an easier control inside the territory
- Authentication of passport is essential

Personal data form

Informations personnelles

Lieu d'entrée: Antananarivo

Payment

Information stocked in database

Authorization

Step 1: Application & payment online

ISSUANCE DECISION IS BASED ON:

- The system consults the watch list defined by the State before issuing the authorization
- Confirmation document sent to the user (can be digital or printable)
- Digital signature with key information is encrypted and signed with the current PKI structure in a QR code

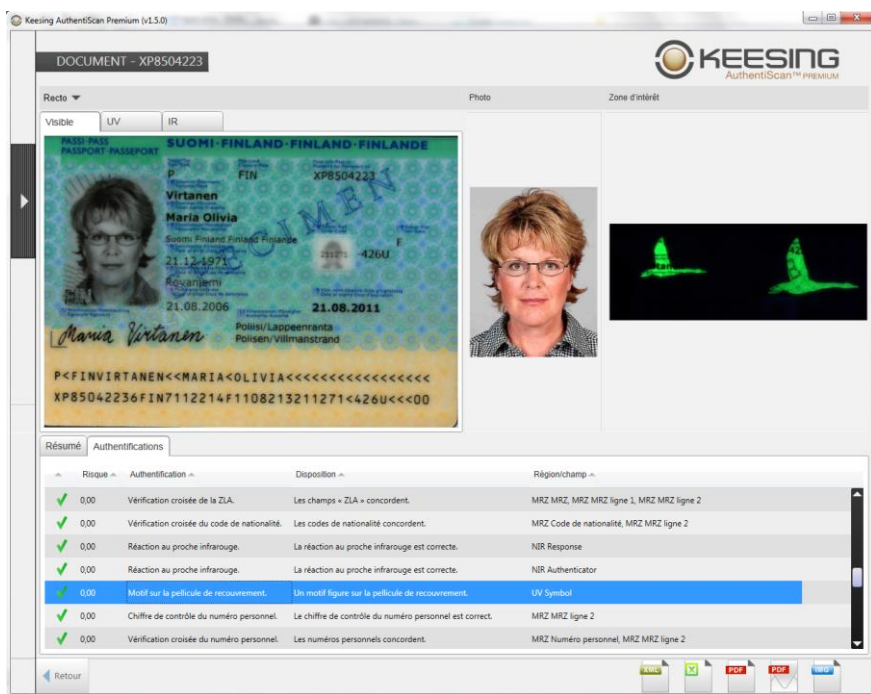

Passport Check

Step 2: Control of the Identification Document

PASSPORT CHECK

- The passport has to be checked at the frontier
- With Authentiscan solution from Keesing Technologies, the passport can be directly authenticated with a reader and the access to the official database

Step 2: Control of the Identification Document

KEESING AUTHENTISCAN®

- Controls up to 50 security elements on one passport in 3 to 5 seconds
- **The most complete database of Identity Documents in the world**
(+ than 4800 models from 200 countries/organizations, updated every 2 months)
- Easy to use and compatible with different systems

Passport check

Biometric Enrolment

Authorization check

Visa Issuance

VISA République Tunisienne	
Numéro de VISA / VISA number	16A123456
Nombre d'entrées / Number of entries	1
Durée de séjour / Duration of stay	90
Valable du / Valid from	20-04-2017
