

The background of the slide is a photograph of an airport terminal, showing several parallel escalators with metal handrails and glass railings. The image is slightly blurred and has a blue and orange color overlay. The text is centered over this image.

ICAO TRIP Symposium 2018

Seamless Travel

Nina Brooks
Director, IT, Security and Facilitation
Airports Council International (ACI) World

Seamless Travel

- Hassle-free
- Walking Pace
- Dealing with One Entity, One stop-shop
- Tailor Made
- Comfortable
- Unaware of external factors

A vision for the future of air travel and technologies

NEXTTT

OFF-AIRPORT ACTIVITIES

Flexibility in what can happen before and beyond airport

ADVANCED PROCESSING

Increasing use of digital identity management, automation and robotics

INTERACTIVE DECISION MAKING

Linking everything together with trusted, real-time data throughout the journey
