

**R. RAJESHKUMAR**  
**CEO**  
**AUCTORIZIUM PTE LTD.**

Mr. Rajeshkumar is the Singapore representative to ISO SC17/WG3 and is currently the editor of Doc 9303 – part 12 (Public Key Infrastructure for MRTDs) and project editor of the upcoming specifications of the Digital Travel Credentials (DTC). He is an active participant in both of the ICAO working groups, the New Technologies Working Group (NTWG) and the Implementation and Capacity Building Working Group (ICBWG). He is a member of the sub-group of ICBWG examining non-compliant travel documents, focusing on issues related to ePassports and/or the digital PKI certificates associated with ePassports. He is the Chief Executive of Auctorizium Pte Ltd, a company based in Singapore specializing in solutions for ePassport PKI and the validation of ePassports.
