Data and analysis Share customized traffic and cargo forecasts The data is available and published at the CCAA website.	Data and analysis	Share data and analysis	Cameroon reports its statistics to ICAO.
	Data and analysis	Share customized traffic and cargo forecasts	The data is available and published at the CCAA website.

Data and analysis	Provide business analysis tools	Cameroon's international airports and most of the secondary airports have data processing software.
Fleet renewal	Adhere to Cape Town Convention, 2001	The Republic of Cameroon has adhered to the Cape Town Convention of 2001 on 19 April 2011.
Fleet renewal	Make use of Art. 83 bis of the Chicago Convention	Cameroon has ratified Article 83 bis of the Chicago Convention on 28/02/2002.
Infrastructure development	Consider practices to attract public/private capital, such as public-private partnerships (PPP)	To take advantage of a favorable legal and regulatory framework in Cameroon, the Cameroon Civil Aviation Authority (CCAA), in agreement with the Ministry of Transport, is considering practices aimed in attracting public and private capital investments such as public-private partnerships (PPPs).
Infrastructure development	Provide sufficient infrastructure to accomodate growth	The CCAA is in the process of signing a MoU with the Airport Company South Africa (ACSA) to produce feasibility studies for the construction of identified airport infrastructures, with the goal to meet the needs of air transport operators and travelers.
Infrastructure development	Increase awareness of ICAO guidance on infrastructure funding	Cameroon has taken into account the ICAO guidance on raising awareness on infrastructure financing.
Market access liberalization	Grant 7th freedom traffic rights for air cargo services	Cargo traffic rights are liberalized and granted to African airlines upon request.
Market access liberalization	Align Air Services Agreements (ASAs) with YD	All Air Agreements signed with African countries have been harmonized according with the Yamoussoukro Decision.
Market access liberalization	Implement Yamoussoukro Decision (YD) framework	
Safety	Implement safety targets of the Abuja Declaration on Aviation Safety in Africa, 2012	Civil Aviation with full authority power and independence established; No state significant concerns recorded; State Safety Program Implementation in process; SSP plan already drawn; Effective Implementation of ICAO SARP Score is 60.02 % above the 60% requested; International Aerodrom Certification in the pipeline (case of Nsimalen Airport); The national carrier Camairco completed IATA operational Safety Audit (IOSA).
Safety	Establish mechanisms to ensure sustainable funding of safety oversight functions	Funding of Safety Oversight functions is yearly adopted during CCAA board of Directors based on oversight activities planned to be done during next year.
Security and facilitation	Support electronic submission of data on goods passing borders; e-freight; e-air way bills (e-AWB)	There is no electronic procedure for cargo transportation across the borders.
Security and facilitation	Develop and implement Regulated Agent and Known Consignor's programmes	There is an existing regulation for the approval of registered agents and known consignors.
Security and facilitation	Establish mechanisms to ensure the sustainable funding of security oversight functions	There are regulations in place to protect the integrity of the cargo supply chain.
Security and facilitation	Implement electronic visas	No, there is no electronic declaration of security.
Security and facilitation	Eliminate non-physical barriers between States	The elimination of non-physical barriers is not established.
Taxation	Avoid imposing discriminatory levies on air transport	In Cameroon, there is no discrimination related to taxation in air transport.
Taxation	Implement ICAO policies on taxation	Cameroon applies ICAO policy on taxation.
Taxation	Assess economic impact of excessive taxation	
Training	Support ICAO efforts to quantify personnel shortages (Doc 9956)	

Training	Support ICAO capacity-building initiatives: Next Generation o Aviation Professionals (NGAP), Human Resources Development Fund (HRDF)	f
Training	Use ICAO air cargo-specific training, including dangerous goods	Cameroon applies the ICAO air cargo-specific training, including dangerous goods in its National Civil Aviation Security Training Program. Cameroon has a comprehensive inspection program of air cargo carriersinto Cameroon to ensure that they are compliant with Arretée N°1299 relating to the transportation of dangereous goods by air; Monitors and evaluates training sessions offered by instructors; Dangerous Goods training organizations are certified and approved after they have passed the five (5) phase certification process.
