SAFRAN GROUP

SAFRAN: A WIDE RANGE OF HIGH-TECHNOLOGY PRODUCTS

→ Aerospace Propulsion

- Large and low-thrust jet engines
- Helicopter engines
- Rocket engine components

→ Aircraft Equipment

- Wheels, brakes, landing gear and associated systems
- Aircraft wiring and engineering
- Engine nacelles
- Power transmissions and power electronics
- Filtration and ventilation
- Ram Air Turbines

→ Avionics

- Inertial navigation units
- Flight controls
- Aircraft Information Systems

→ Security & Identification

MORPHO

MORPHO INTRODUCTION

→ Revenues:

€ 1.3B in 2011

→ Global team:

- 7,550+ employees
- 40+ countries
- 85+ subsidiaries and branches

Worldwide solutions

- 450+ government agencies equipped
- Integrated solutions in 100+ countries
- → 35+ years' experience in biometric innovation

Main markets

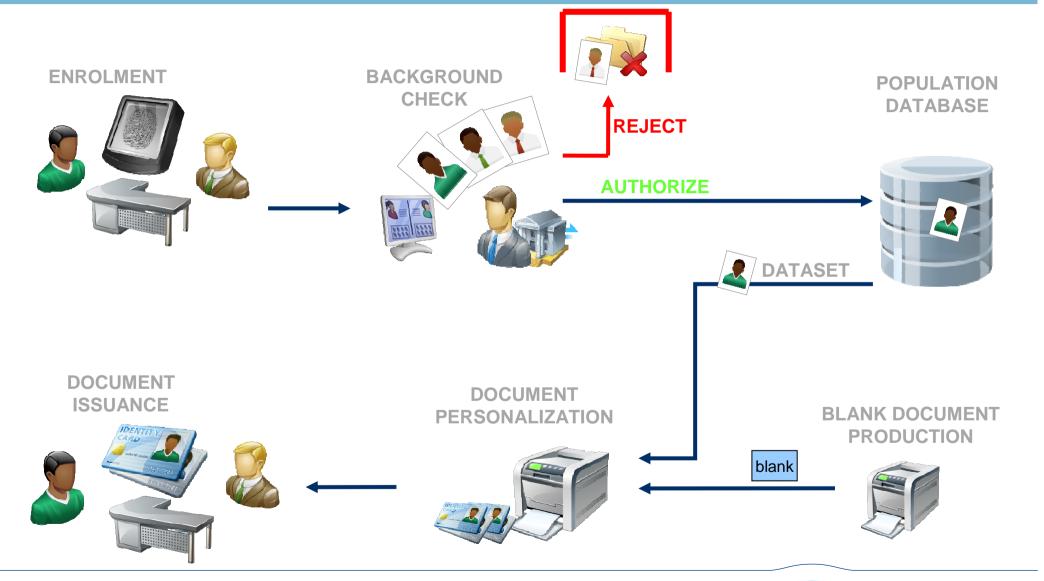

- Passport & ID Documents
- Criminal Justice (AFIS)
- Civil databases
- Biometrics (finger, face, iris)
- Border Control
- Detection
- Road registration (vehicle based)

→ ID documents

- E-Passports
- E-ID cards
- Driver licenses
- Voting cards
- Health cards

MORPHO END-TO-END SOLUTIONS: ECOSYSTEM

The David and Goliath Challenge

David's realities

- **→ Independent country**
- Limited number document applications
- **→ Limited budget**

Goliath requirements

- → One person, one identity, one document
- → High secure ID document (card body, perso, infrastructure)
 - International respect for both State and its citizens
 - Correct use of social services
 - Correct use of medical care
 - Correct voting
 - Others
- → Security: national and international

HIGH SECURE DOCUMENT: ECOSYSTEMS

→ ECOSYSTEM

→ POLYCARB CARD BODY

- All security features
- Surface structures
 - Tactile relief
 - Lens structures

→ INFRASTRUCTURE

- Secure perso site
- Secure communication
 - personal data (dataset)
 - PKI, keys, certificates
- Local hardware
- Software

→ PERSONALIZATION

- Graphical
 - Laser engraving
 - Laser perforation
- Electronical (chip)
- Equipment
- Perso management software

→ CLASSIC ECOSYSTEM

POLYCARB CARD BODY

- All security features
- Surface structures
 - Tactile relief
 - Lens structures

→ INFRASTRUCTURE

- Secure perso site
- Secure communication
 - personal data (dataset)
 - PKI, keys, certificates
- Local hardware
- Software

PERSONALIZATION

- Graphical
 - Laser engraving
 - Laser perforation
- Electronical (chip)
- Equipment
- Perso management software

→ DAVID'S ECOSYSTEM

POLYCARB CARD BODY

- All security features
- Surface structures
 - Tactile relief
 - Lens structures

INFRASTRUCTURE

- Secure perso site
- Secure communication
 - personal data (dataset)
 - PKI, keys, certificates
- Local hardware
- Software

→ PERSONALIZATION

- Graphical
 - Laser engraving
 - Laser perforation
- Electronical (chip)
- Equipment
- Perso management software

- √ GrossDomesticProduct \$ 21,800 (2004)
- √ Population 104,494 (as of 2007)
- √ 33 km long island, 193 km², area slightly larger than Washington DC
- √ In southern Caribbean Sea, 27 km north of Venezuela
- ✓ Country comparison to the world: 108

MORPHO: ARUBA DRIVING LICENSE / KPA

DAVID'S ECOSYSTEM

→ CARD BODY

- All security features
- Surface structures
 - Tactile relief
 - Lens structures

→ INFRASTRUCTURE

- Secure perso site
- Secure communication
 - personal data (dataset)
 - PKI, keys, certificates
- Local hardware
- Software

→ PERSONALIZATION

- Graphical
 - Laser engraving
 - Laser perforation
- Electronic (chip)
- Equipment
- Perso management software

MORPHO: DOC MANUFACTURER & PERSONALISATOR

→ High secure site

- Physical security
- IT security
- Data communication
- Staff screening 100%

→ High-end document manufacturing

- E-passport with polycarbonate datapage
- E-ID cards
- Driving licenses
- Health cards

Morpho Haarlem, The Netherlands

→ High-end document personalization

- Laser engraving
- Electronic perso (chip)
- Variable laser perforation
- image, data, secondary image, MLI/CLI, 3D
- ICAO compliant, PKI keys, BAC, SAC, EAC
- ImagePerforation, TLI, document number

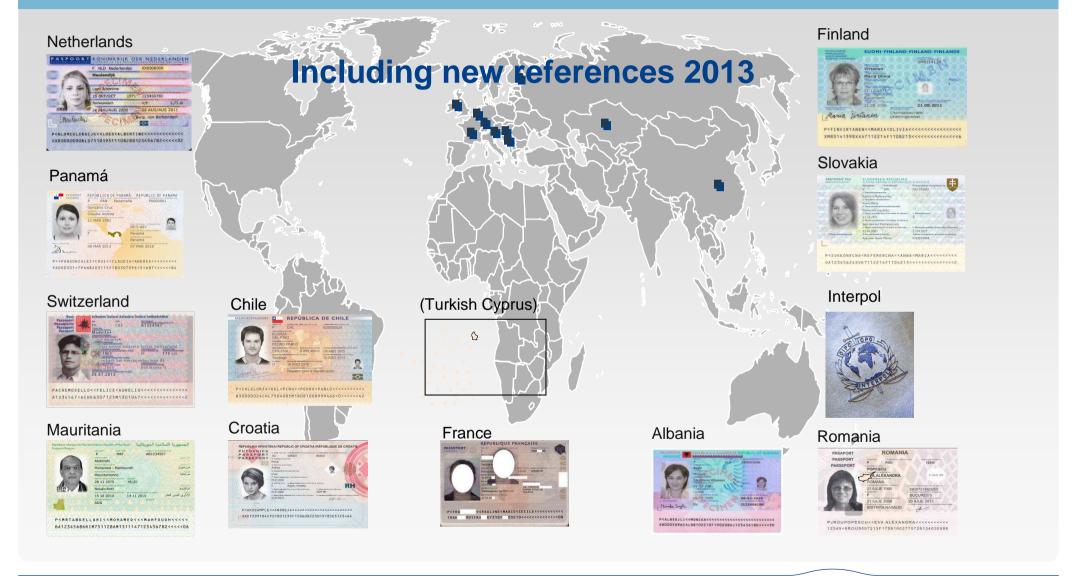

→ Certificates

- ISO: 9001, 14001, 27001
- Mastercard
- Intergraf
- ETSI
- Others

- quality, environment, IT security
- bank cards
- security printing
- certificate issuance
- PKI keys, security IC's/CC, BAC, SAC, EAC

DAVID'S SOLUTION TO THE GOLIATH CHALLENGE

- Local document application
- → Apply strict one person = one identity screening and application
- → Chose high secure document: polycarbonate
- → Allow approved applicant dataset to be send outside country, encrypted
- Outsource personalization to recognized high secure central facility
- → Receive personalized document
- Issue ready document to applicant

THANK YOU
