

CAPSCA/7 Americas

Collaborative Arrangement for the Prevention and Management of
Public Health Events in Civil Aviation

**COLLABORATIVE ARRANGEMENT FOR THE PREVENTION AND MANAGEMENT OF PUBLIC HEALTH
EVENTS IN CIVIL AVIATION (CAPSCA) - www.capsca.org**

SEVENTH CAPSCA AMERICAS MEETING

DRAFT REPORT

***CENTRO DE INSTRUCCIÓN INTERNACIONAL DE AEROPUERTOS Y SERVICIOS AUXILIARES (CIIASA)
MEXICO CITY, MEXICO
(6 to 9 September 2016)***

The views expressed in this report should be taken as those of the Collaborative Arrangement for the Prevention and Management of Public Health Events in Civil Aviation (CAPSCA) Project and not of the Organization. This Report will, however, be submitted to the ICAO Council and any formal action taken will be published in due course as a Supplement to the Report.

The designations employed and the presentation of material in this publication do not imply the expression of any opinion whatsoever on the part of ICAO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

REPORT HISTORICAL

1. Place and Date of the Meeting

1.1 The Seventh Collaborative Arrangement for the Prevention and Management of Public Health Events in Civil Aviation (CAPSCA), Americas Meeting, was held at the *Centro de Instrucción Internacional de Aeropuertos y Servicios Auxiliares (CIIASA)*, Mexico City, Mexico, from 6 to 9 September 2016.

2. Opening Ceremony

2.1 The meeting was opened with welcome remarks given by Mr. Melvin Cintron, Regional Director, ICAO NACC Regional Office. He welcomed all participants and highlighted the importance of CAPSCA to manage and control public health events in civil aviation. He also thanked the Mexican Authorities for hosting the event.

2.2 Then, Mr. Miguel Pelaez, General Director, Directorate General of Civil Aviation (DGAC) of Mexico, confirmed Mexico's commitment to support ICAO and the World Health Organization (WHO) initiatives against the spread of communicable diseases and also welcomed participants to the Meeting.

2.3 Mr. Alfonso Sarabia de la Garza, ASA General Director, stated his satisfaction as it was the first time that a CAPSCA Americas Meeting was held at CIIASA facilities, and he wished all participants a successful meeting and an enjoyable stay in Mexico.

2.4 Finally, Mrs. Yuriria Perez Mascott, Subsecretary of Transportation of the Ministry of Communications and Transportation (SCT) of Mexico, provided the opening remarks to the Seventh CAPSCA Americas Meeting and pointed out the importance of working jointly, in collaboration, with good communication, and coordination among all involved parties to support the commitment between the aviation sector and public sector in the development and improvement of public health preparedness and response plans for public health events. She welcomed all participants and wished success to the Meeting.

3. Attendance

3.1 The Meeting was attended by a total of 55 participants from 20 States/Territories of the NAM/CAR/SAM regions and 2 International Organizations (IATA and WHO). The List of participants is at **Appendix A** to this Report.

4. Officers and Secretariat

4.1 Mr. Jaime Calderon, Regional Officer, Aerodromes and Ground Aids, ICAO NACC Regional Office and CAPSCA Americas Regional Coordinator for the NAM/CAR Regions, acted as Secretary of the Meeting with the support of Mr. Pablo Lampariello, Regional Officer, Aviation Security and Facilitation (AVSEC-FAL), ICAO SAM Regional Office and CAPSCA Regional Coordinator for the SAM Region.

5. Working Languages

5.1 Discussions were conducted in English supported by simultaneous interpretation in Spanish and the documentation was issued in English and Spanish respectively.

6. Programme and Documentation

6.1 The Meeting Programme is presented at **Appendix B** to this report. All the meeting documentation and presentations are available at the ICAO NACC Regional website <http://www2010.icao.int/NACC/Pages/meetings-2016-capscomex.aspx> and at the CAPSCA web site: <http://www.capsca.org/Americas2016.html>.

7. Benito Juarez International Airport, Terminal 2 Visit

7.1 On 8 September 2016, the meeting participants visited the Benito Juarez International Airport, Terminal 2, its facilities and infrastructure for the entry screening process and the triage centre for potentially serious suspected communicable diseases.

8. List of Conclusions

8.1 The Meeting agreed on the following Conclusions:

Conclusion 1: Due to the positive results, continuity has to be given to CAPSCA Project and the necessary arrangements shall be done, in order for CAPSCA to be classified as a Programme at ICAO Headquarters level.

Conclusion 2: The State's parties involved in the development and participation of response plans to public health events, should agree in the contribution of funds for the continuation of the CAPSCA Project. This agreement should be settled among the authorities of the respective States.

Conclusion 3: In the CAPSCA Assistance Visits (AV) and Follow-Up Visits (FV) to States and their airports, commitment is expected from public health, civil aviation and airport authorities and other specific areas on corrective action plans of their competency to facilitate follow-ups from ICAO and WHO respectively

-
- Conclusion 4: The CAPSCA AV and FV reports sent by ICAO to the Civil Aviation Authorities shall be shared with public health authorities, airport, and other entities involved; a communication mechanism needs to be established for such purpose, this task and responsibility can be assigned to the CAPSCA Point of Contact (PoC) in each State.
- Conclusion 5: The objective and the programme template have to be reviewed, as well as the AV and FV, to encourage a more flexible approach focused on the States' needs, identifying more technical than administrative solutions, to provide a balanced and specialized support to States. This task has been commended to ICAO, WHO and States to provide recommendations through their focal points respectively.
- Conclusion 6: To consider greater participation in the CAPSCA events by State's entities involved in the development of response plans of public health events, and the importance for participants to share their experiences and solutions internally to their entities.
- Conclusion 7: To implement a coordination mechanism between the public health authority and the immigration office in each State, in order that relevant information related to public health events are systematically collected and available to the public health authority to take the corresponding actions.
- Conclusion 8: Review the ICAO and WHO tools in order to make them compatible and to avoid duplicity of work. A consolidated tool exists and was developed by Mexico supported by WHO. It was proposed that such document be sent to the NACC Regional Office for retransmission to CAPSCA Coordinators and States for comments no later than 18 November 2016.
- Conclusion 9: Dr. Manohar Sing from Barbados, in coordination with the ICAO NACC Regional Office, was assigned to coordinate the CAPSCA Americas Meeting for 2017, to be held in a Caribbean State.
- Conclusion 10: States must assign and inform the ICAO Regional Offices the health specialists to become CAPSCA Technical Advisors.
-
