23 August 2016

To: States, Territories and International Organizations

Subject: **Invitation – Regional Aviation Safety Group — Pan America (RASG-PA) Flight Data Analysis Programme (FDAP) (NAM/CAR/SAM) (SEMFDAP) (Miami, United States, 25 – 27 October 2016)**

Action

Required: **Your response by 25 September 2016**

Sir/Madam,

I wish to inform you that the International Civil Aviation Organization (ICAO), in association with AIRBUS, is organizing the regional seminar on Flight Data Analysis Programme (FDAP) as an activity of the Regional Aviation Safety Group — Pan America (RASG-PA) work programme for 2016. The Seminar will be held at the EB Hotel, in Miami, United States, from 25 to 27 October 2016.

The objective of this seminar is to encourage the effective implementation of the FDP in air operators using aircraft with a maximum certificated take-off mass over 27,000 kg as part of their Safety Management System (SMS).

One of the data collection methods to identify safety risks is the predictive method; this is carried out through the Flight Data Analysis (FDA), as well as through direct observation systems.

The predictive safety data capture systems operate relatively near to the origin or point of inception of the practical drift. This is a very high level of intervention and a highly efficient one. The reason for the high efficiency of predictive safety data capture systems is double: on the one hand, they deal with hazards when they are at their birth and have had not opportunity to start developing their damaging potential, and are therefore easier to contain. Because of this, the mitigations developed from predictive safety data turn into very small containment filters that they almost totally block the emerging hazards that are produced during the practical drift.

Therefore, flight data analysis programmes, applied efficiently, constitute an essential tool in safety management, since they allow preventing with high efficiency aviation incidents and accidents.

.../2

I urge States/Territories, international organizations and industry to participate in this seminar, where the most current relevant aviation topics will be addressed. The working language of the meeting will be English, and no simultaneous interpretation will be provided.

Due to limitations of space, you are kindly requested to complete and return the Registration Form presented in the **Attachment** by e-mail for each participant by **25 September 2016**.

The Provisional Programme and the documentation for the seminar will be published in the ICAO website at the following link:
<http://www2010.icao.int/NACC/Pages/meetings.aspx?year=2016&cM=08&cY=2016>

The venue of the event is the following:

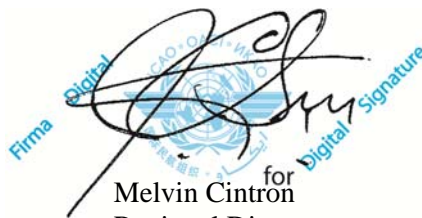

EB Hotel Miami
4299 NW 36th St, Miami Springs, FL 33166, USA
T: +1.305.888.4662 | Fax +1.305.888.8413

Other suggested hotels in the area are:

Embassy Suites by Hilton
Holiday Inn
The Hyatt Miami Airport
The Sheraton Miami Airport
The Marriot Miami Airport
The Element Miami Airport

Should you require further information regarding the event, please contact Mr. Romulo Gallegos, Regional Officer, Technical Assistance (rgallegos@icao.int), or Ms. Lizette Morales, Assistant, (lmorales@icao.int).

Accept, Sir/Madam, the assurances of my highest consideration.

A digital signature in blue ink, overlaid on a circular ICAO logo. The signature is written in a cursive style. The words "Firma" and "Digital Signature" are written in blue text on either side of the signature.
