1. Introduction

1.1 On the review process were included the contribution of the States and industry, as an essential element to achieve effective, efficient and harmonized actions in the States.

1.2 Other important aspects were considered in this new version of the Handbook, such as the integration of the guidelines of the 6th Ed. Of the Global Air Navigation Plan (GANP), the alignment of the generic Terms of Reference (ToR) for the Planning and Implementation Regional Group (PIRG) proposed by the mandate of ICAO Council as well as the GREPECAS Coordination with the Regional Aviation Safety Group–Pan America (RASG-PA), updating and enriching the GREPECAS Handbook.

1.3 This important review considered relevant changes such as the inclusion of the new Data Analysis Group (in progress) and the GREPECAS subsidiary bodies and the appropriate updates regarding the relationship with the GANP and the ASBUs, the handbook is available at the following web site:
