Status of SAM strategic group activities

- Guidance material on impact on air side processes
<https://bit.ly/3mwZGHx>
- Guidance material (GM) for health protection on Covid-19 for operational and support personnel in air navigation service providers
<https://bit.ly/3jvPahX>
- GM for the analysis and management of risks applicable to the periodicity for ground and flight tests of radio navigation aids
<https://bit.ly/2JcXjLS>
- GM for the analysis and management of risks applicable to the extension of the validity of the ATC rating during COVID-19 - Air traffic controllers <https://bit.ly/3ovKVqo>
- GM for risk analysis and management applicable to the issuance of new ATC ratings during COVID-19 - Air traffic controllers
<https://bit.ly/3oyXqkY>

NACC AGA/CAPSCA initiatives to address COVID-19

- Participate in the development of the AGA I-Pack to facilitate the CAAs to enable a safe and seamless resumption of aerodrome operations after a partial or full lockdown due to COVID-19 pandemic.
- Five checklists covering topics on: Aerodrome infrastructure, Aerodrome Operations, Certification and Compliance, Coordination and Collaboration, Human Resource, Competency & Training
- The CAPSCA survey was sent electronically (6 October 2020) to states and international organizations for information on existing restrictions and procedures for relief and cargo flights, ensuring the development of guidance material to ensure minimal disruption of operations due to the implementation of health measures during the COVID-19 pandemic.
- Information received by WHO from national authorities is sent weekly to CAPSCA focal points in the states.
- Support for the Webinar on Facilitation on Strengthening International and Inter-Agency Cooperation between Agencies (23 June 2020) organized by ICAO's medicine section.
