

Mr. Guillermo García
Information Management Officer
for El Salvador, Guatemala
and Honduras (DTM and Emergency)
International Organization for Migration (IOM)

Information Management Officer for El Salvador, Guatemala, and Honduras (DTM and Emergency)

Guillermo García has a Bachelor's degree in Economics and Business, Higher School of Economics and Business (ESEN).

He has worked in the development of information products for diverse stakeholders and decision makers; methodologies for primary collection of quantitative and qualitative data, as well as analysis of secondary information on issues of human mobility; strengthening institutional capacities in data collection, analysis, dissemination for evidence-based decision making; and information management in emergency contexts to support humanitarian response actions, in particular for the UN's Camp Coordination and Camp Management Cluster (CCCM).
