

African Flight Procedure Programme

Steering Committee Meeting #1
16-17 December 2014
Nairobi, Kenya

2014/SC1/WP05
17/12/14

Agenda Item 8: Proposed 2015 AFPP Flight Procedure design pricing tables

PROPOSED 2015 AFPP FLIGHT PROCEDURE DESIGN PRICING TABLES

(Presented by the Secretariat)

SUMMARY

This paper provides the proposed 2015 AFPP Flight Procedure Design pricing table for flight procedure design to be provided for States on request. The table presents an indicative pricing for simple projects and is related to conventional and PBN flight procedure design.

Action by the Steering Committee is indicated in item 3.

1. INTRODUCTION

1.1. In reference to AFPP activities related to flight procedure design as defined in the AFPP Programme Document section 2.2.3., it is proposed indicative pricing tables for conventional and PBN flight procedure design to be charged to States.

2. DISCUSSION

2.1. The proposed tables presents the different types of procedure to be designed and the relevant actions associated, for conventional and PBN flight procedures.

2.2. The calculation of the costs is based on a daily expertise cost and a number of work day for each activity.

2.3. The proposed tables take into account the different categories of actions for the full flight procedure design process, as the project management, the data, the design, the draft charting and the expertise for defined actions.

2.4. The Proposed pricing is based on simple project and the costs could be re-evaluated according to the complexity of the environment and the actions to be produced.

3. ACTION BY THE MEETING

3.1. The meeting is invited to:

- a) note the information contained in this working paper and Attachment A;
- b) approve the content of the indicative pricing tables as a basic proposal.
