- a) 5 days, 30 participants;
- b) Expertise: AFPP (Instructors) and African State;
- c) Proposed location: ESAF Region.

2. Training courses

(4) PBN Operational Approval Course

- a) 5 days, 20/30 participants;
- b) Expertise: consultant and AFPP;
- c) Proposed location: WACAF Region.

(5) Flight Procedure Design PBN Training Course (1B)

- a) Including OJT;
- b) May/June 2015;
- c) 20 days, 15 participants;
- d) Expertise: DGAC France (ENAC);
- e) Additional expertise: AFPP (Instructor);
- f) Location: Dakar, Senegal

African Flight Procedure Programme

Steering Committee Meeting #1
16-17 December 2014
Nairobi, Kenya

(6) Flight Procedure Design Initial Course (2A)

- a) 20 days, 15 participants;
- b) Expertise: AFPP (Instructors);
- c) Additional expertise: DGAC France (ENAC);
- d) Location: Dakar, Senegal

(7) Flight Procedure Design PBN training course (2B)

- a) *To continue FPD Initial Course (2A), 2015;*
- b) Including OJT;
- c) 20 days, 15 participants;
- d) Expertise: AFPP (Instructors);
- e) Location: Dakar, Senegal

3. Assistance and support activities

- a) 4 or 5 activities for assistance or support are planned;
- b) Assistance activity would focus the assistance to a State on subjects as PBN Implementation Plan submission, Airspace design or Regulatory Approval Process. The assistance is free of charge for APS (see list 2.2.3. in Programme Document) and charged for others;
- c) Support activity would consist of Flight Procedure Design focusing on PBN Implementation.

4. Training courses for AFPP team

- d) The AFPP flight procedure designers will participate in a Flight Procedure Design Instructor Course, organized by ENAC for the African FPP and APAC FPP procedure designers from 5 to 23 January 2015. In tandem, ENAC will organize a PANS OPS refresher Seminar on Procedure Design Regulation update (Doc 8168, Amdt 6) and on GéoTitan automated software updates. The seminar dates are 26-30 January 2015. The participation to this course and seminar will give the capability to the AFPP to organize on its own, the Flight procedure design courses as presented in the 2015 AFPP Work Programme. The tuition fees are borne by France and the AFPP will bear the travel and DSA expenses.
