Module 4 – Agenda V
Solving the Puzzle

CONTENTS

01 Solving the Puzzle
02 Steps and Related Apps
03 Exercise

iMPLEMENT

Economic Impact

- Socio-economic benefits

Current Situation

- General Assessment

Solving the Puzzle

- Deficiencies identification
- Problem prioritization
- Solution identification

Getting Help

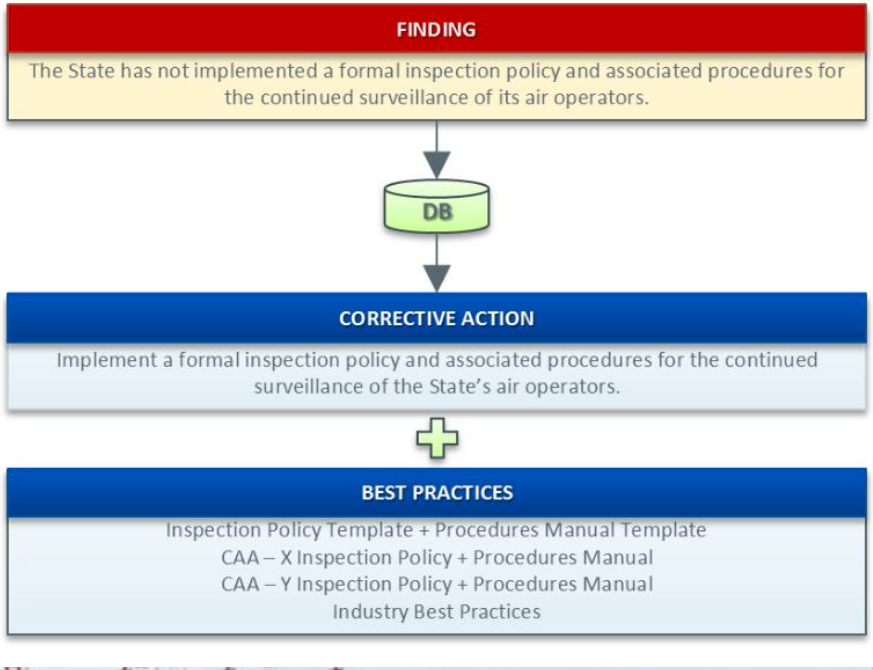
- Needs evaluation
- Resource identification

Report

"Enhancing implementation by prioritizing improvement activities based on data."

Solving the Puzzle

- After the General Assessment, it is time to **prioritize your problems** and **find the most appropriate solutions** to address your needs. You can start by:
  - Identifying **potential areas of improvement**
  - Selecting a number of **USOAP Protocol Questions** for which you have findings



Steps & Related Apps

- ✓ Identifying deficiencies and potential areas of improvement (USOAP Report)
- ✓ Prioritizing the most important problems to address (Safety Margins; SSP Foundation; PQ Tester)
- ✓ Identifying the best solutions available (Solution Center; Global Aviation Training)
