No: 12:06/031.97/2020

The Secretary General
International Civil Aviation Authority
999 Robert Bourassa Boulevard
Montreal, Quebec
Canada
H3C 5H7

Dear Secretary General,

RE: CONFIRMATION OF PARTICIPATION IN CORSIA (RWANDA).

With Commercial aviation being responsible for about 2% of global carbon emissions, reducing climate change has been identified by the International Civil Aviation Organization (ICAO) as a global challenge.

In addition, Rwanda has steadily growing air traffic which has led to increased Carbon footprint. In this regard, we wish to officially notify ICAO that we shall be actively participating in the voluntary stage of the Carbon Offsetting and reduction scheme for International Aviation. **(CORSIA)**

Rwanda has also been selected to participate in the Capacity Building for CO₂ Mitigation from ICAO and EU and expects to develop the State Action Plan before the commencement of the pilot phase in 2021.

Please accept assurances of my highest consideration

Sincerely,

Silas UDAHEMUKA
Director General
Rwanda Civil Aviation Authority
