

## TECHNICAL ASSISTANCE PROGRAMME OF DGAC FRANCE

### ICAO AVIATION SAFETY IMPLEMENTATION ASSISTANCE PARTNERSHIP – ASIAP PRIORITY STATES: CAMBODIA, INDONESIA, NEPAL, VIETNAM

France is a major partner contributing to ICAO's strategic objectives to ensure a continuous improvement in global aviation safety.

#### Our philosophy

DGAC (*Direction Générale de l'Aviation Civile* – French CAA) leads and coordinates cooperation and technical assistance with foreign authorities, in all aviation fields: safety, air navigation, airport development, training and security.

Technical assistance is organised either on a case-by-case basis, or in the context of technical cooperation arrangements, with its own experts (11,800 workforce) and with experts from its national civil aviation academy (ENAC).

## TECHNICAL ASSISTANCE PROGRAMME OF DGAC FRANCE

ICAO AVIATION SAFETY IMPLEMENTATION ASSISTANCE PARTNERSHIP – ASIAP  
PRIORITY STATES: CAMBODIA, INDONESIA, NEPAL, VIETNAM

### Our actions

DGAC contributes to the following programmes:

- bilateral level: 45 cooperative agreements signed between 1998 and 2015;
- European level (with the European commission and EASA): twinnings, partnership programmes, ...
- ICAO level : SAFE fund programmes, participation to COSCAPs, participation to ASIAP programme, ...

↪ The following slides present a brief summary of our technical actions implemented during the last 5 years in the 4 priority States defined by ASIAP's ICAO: Cambodia (cooperative agreement signed in 1999), Indonesia (signed in 2011), Nepal and Vietnam (signed in 1998).

Direction générale de l'Aviation civile

Ministère de l'Écologie, du Développement durable et de l'Énergie
