

**WORKING PAPER**

**DANGEROUS GOODS PANEL (DGP)**

**TWENTY-THIRD MEETING**

**Montréal, 11 to 21 October 2011**

**Agenda Item 2: Development of recommendations for amendments to the *Technical Instructions for the Safe Transport of Dangerous Goods by Air (Doc 9284)* for incorporation in the 2013-2014 Edition**

**PACKING INSTRUCTIONS**

(Presented by T. L. Muller)

**SUMMARY**

This working paper proposes changes to clarify the use of the expression “Fibre single packagings” in the additional packing requirement for single packagings in various Packing Instructions

**Action by the DGP:** The DGP is invited to:

- 1) amend the additional packing requirements for single packagings in Packing Instructions 448-449, 453, 561-563, 665-670, 672-677 and 956; and
- 2) amend the additional packing requirements for single packagings in Packing Instructions 470-471 and 487-491

as presented in the appendix to this working paper.

**1. INTRODUCTION**

1.1 Packing Instructions 448-449, 453, 470-471, 487-491, 561-563, 665-670, 672-677 and 956 contain the following additional packing requirement for single packagings: “Fibre, wood and plywood single packagings must be fitted with a suitable liner.” However, it is not clear if this additional packing requirement also applies to fibreboard boxes that are used as single packagings.

1.2 Packing Instructions 470-471 and 487-491 do not allow the use of single packagings of type 1G, which is the only fibre single packaging shown in Table 6-2 (Index of packagings other than inner packagings) in the Technical Instructions.

## APPENDIX
