NINETEENTH MEETING

**Agenda Item 2 Development of recommendations for amendments to the Technical
: Instructions for incorporation in the 2005/2006 edition**

**TRANSPORT OF DANGEROUS GOODS ON PASSENGER
AIRCRAFT WITHOUT CLASS B OR C MAIN DECK CARGO
COMPARTMENTS**

(Presented by G.A. Leach)

1. INTRODUCTION

1.1 At DGP-WG/03, it was explained that the decision taken at DGP/18 to simplify the provisions for certain types of dangerous goods to be carried on aircraft not equipped with Class B or C main deck cargo compartments had resulted in a number of dangerous goods, which were unsuitable for such carriage, being inadvertently included in the list of permitted items. The Working Group recognised the problem and three alternative methods of resolving the issue were offered to the Working Group; 1 was selected as the preferred option to address the issue (option 3 in DGP-WG/03-WP/23). This involved adding a list of exclusions to S-7; 2.2.2 and this paper reflects work done to update the list in accordance with the latest edition of the Technical Instructions.
