**Montreal, 27 October to 7 November 2003**

**Agenda Item 2 Development of recommendations for amendments to the Technical  
: Instructions for incorporation in the 2005/2006 edition**

**INFORMATION REQUIRED IN ADDITION TO THE DANGEROUS  
GOODS DESCRIPTION**

(Presented by DGAC)

**1. INTRODUCTION**

1.1 Part 5; 4.1.5.8.1 (b) requires "a statement indicating that the shipment is within the limitations prescribed for either passenger and cargo or cargo-aircraft only as appropriate." It has become an industry practice to allow both categories on the same transport document, thereby indicating all items on the document are prepared for either passenger and cargo or cargo-aircraft only. This practice provides erroneous information, adds confusion for the acceptance staff and impedes a smooth and efficient acceptance process of the operator. The addition of a clarification sentence will eliminate this confusion.

**2. PROPOSAL**

2.1 Amend Part 5; 4.1.5.8.1 (b) of the Technical Instructions as follows:

- b) a statement indicating that the shipment is within the limitations prescribed for either passenger and cargo or cargo-aircraft only as appropriate. **If a shipment consists of both passenger and cargo aircraft and cargo-only aircraft quantities, they must be submitted on separate transport documents.**

*Note.— To qualify as acceptable for transport aboard passenger aircraft,.....*
