Sir/Madam,

I have the honour to inform you that the International Civil Aviation Organization (ICAO) under the Comprehensive Regional Implementation Plan for Aviation Safety in Africa (AFI Plan) is organizing an Aerodrome Inspector Course. The course is scheduled to be held in Harare, Zimbabwe, from 27 April to 13 May 2011.

The Aerodrome Inspector course aims at providing aerodrome inspectors from Civil Aviation Authorities (CAA) a thorough understanding of international requirements and guidance on aerodrome certification in accordance to the provisions of Annex 14, Volume I SARPs.

The course covers, amongst others, a detailed review of the procedures for aerodrome certification as outlined in the ICAO Manual on Certification of Aerodromes Doc.9774 and Model Aviation Laws, Regulations, and technical guidance.

The course will be conducted in the English language. The schedule and a bulletin containing detailed information on the course venue, transport and available accommodation will be forwarded to registered participants in due course. More information on the course can be obtained from the AFI Plan website at <http://www2.icao.int/en/acip>.
