GLOBAL AVIATION TRAINING  
TRAINAIR PLUS™

# ICAO Training Corporate Partnership

Join the TRAINAIR PLUS extended civil aviation training network worldwide.

## Are you looking for an international aviation partner?

You can join the TRAINAIR PLUS Programme network as a Training Corporate Partner to benefit from the development of Partnership Training Packages (PTPs) in collaboration with ICAO.

All PTPs are designed and developed in response to the global and regional aviation training needs and support the implementation of ICAO SARPs and global aviation plans.

## The ICAO Training Corporate Partner we are looking for:

This Partnership is specifically addressed to universities, regional and international aviation-oriented organisations, public institutions and aviation agencies that wish to develop and deliver ICAO Training are also welcome to apply to the ICAO Training Corporate Partnership.

For more information, please visit [www.icao.int/training](http://www.icao.int/training)  
or email us at: [aviationtraining@icao.int](mailto:aviationtraining@icao.int)

## How does the ICAO Training Corporate Partnership work?

### Step 1: Signing of Memorandum of Understanding (MoU)

In order to qualify as an ICAO Training Corporate Partner, a Memorandum of Understanding (MoU) will be accepted and signed between ICAO and the interested organisation specifying TRAINAIR PLUS activities they wish to undertake.

#### Under the MoU both parties will endeavour to:

- identify training needs and the appropriate level of training to be provided
- develop new or use current course material, compliant with ICAO Standards and Recommended Practices (SARPs) and guidance material, where such material exists
- promote training courses for appropriate audiences
- deliver classroom and web-based training
- evaluate the effectiveness of training using post-training evaluation methodologies and
- other training activities as specified in an Appendix.

### Step 2: ICAO-recognized Partnership Training Package (PTP)

The ICAO portfolio of training packages is either developed by ICAO, TRAINAIR PLUS Members or partners. A training package comprises training material produced in accordance with a competency-based methodology established by ICAO. Each training package contains necessary instructional material for trainees and instructors.

**The Partnership Training Package (PTP), developed and delivered jointly between ICAO and the Partner, is either a training course or an educational programme in aviation which can be:**

1. Developed by ICAO and incorporated in the training or academic programmes of the Corporate Partner. PTPs can be recognized within University degree programmes and can earn credits;
2. Developed by the Corporate Partner and co-delivered with ICAO;
3. Co-developed and co-delivered by the Corporate Partner and ICAO.

#### The PTP will be developed when it is determined that it fulfils the following criteria:

- ✓ complies with ICAO SARPs and policies
- ✓ complements existing ICAO aviation training activities
- ✓ helps achieve the objectives of ICAO's aviation training programme
- ✓ represents a significant contribution to the aviation community
